Pulling out from Sankhya Vahini Project of BSNL

476. SHRILAJPATRAT.
SHRI RAJIV RANJAN SINGH LALAN[1]:
SHRI RAM JETHMALANI:

Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether it is a fact that Carnegie Mellon University has decided to pull out from the so called SANKHYA VAHINI PROJECT OF BSNL; i.e. to establish a broad band date network in the country;

(b) if so, what are the reasons therefor and details of the losses Government are likely to suffer; and

(c) what are the steps taken to give a fillip to the communication infrastructure?

THE MINISTEROF STATE IN THEMMSTRY OF COMMUNICATIONS (SHRI TAPAN SIKDAR): (a) Yes, Sir.

(b) The main reasons cited by the Carnegie Mellon University are the delay in launch of the Project and a Public Interest Litigation in Delhi High Court against the proposed joint venture. The Government will not suffer any losses.

(c) The government will proceed with its original plan of providing bandwidth through Sanchar Sagar Projects. Phase-I and Phase-ll of Sanchar Sagar Project will be followed by induction of Dense Wave Division Multiplexing Systems (DWDM) to cater to higher bandwidth requirements. Sanchar Sagar Phase-I has been completed covering 33 cities and Phase II will cover 150 additional cities. In addition, Private Sector Companies as well as some PSUs are also executing Optical Fibre links for providing bandwidth in the country.

Safety of postal employees from Anthrax infection

477. SHRI AHMED PATEL: Will the Minister of COMMUNICATIONS be pleased to state:

(a) whether any Anthrax laced mail has been received in the country recently;

(b) if so, the details thereof; and

(c) what precautionary measures have been taken by Government to save the postal employees from being infected by Anthrax?
